**Size:** 1 folder (2 items)

**Scope & Content**

Copy of thesis for Master of Arts degree presented to the Academic Faculty of the University of Virginia titled "Staunton, A Social and Statistical Analysis, 1934" by Elizabeth Brooke Cochran. Thesis deals with the cultural and economic life of Staunton with an emphasis on life in the 1930's. The study is based mainly on direct observation, conversations with community members, reports of local organizations and the local newspaper. Figures from the U.S. Dept. of Census are included for statistical relevance. A map of Staunton dated 1929 depicts the geographical area of the day with notations of specific neighborhoods.
