**Scope & Content**

This history covers the Moffett family beginning with James Moffett (1700-1764) through Lacy Irvine Moffett (1878-1957). Included are names of descendants, with names of spouses and dates of marriages and births along with copies of wills. Other lines include Guthrie, Gilkeson, Stuart, Crawford, Craig, Rodd, Winchester. While the original research was by Lacy Irvine Moffett, this document also includes an update by Karen S. Dailey (1994) which covers the lineage of the Moffett-Rodd family

**Historical/Biographical Note**

According to Waddell in Annals of Augusta County, there were two Moffett families in Augusta County, which as far as their respective descendants knew, were not at all related. The ancestor of both families was named John. This line descends from James Moffett who came to Virginia from Lancaster PA about 1852
